

The drawing consists of two parts: a cross-sectional view on the left and a top view on the right.

**Cross-sectional view (left):** This view shows the internal components of the device. A central shaft (5) is visible, passing through several housing components. Key parts labeled include:
 

- 1: Outer housing or base.
- 2: A component at the top of the shaft.
- 3: A component below 2.
- 4: A component below 3.
- 5: The central shaft.
- 6: A component on the right side of the shaft.
- 7: A component on the left side of the shaft.
- 7a: A detail of component 7.
- 8: A component below 7.
- 9: A component below 8.
- 10: A component below 9.
- 11: A component at the bottom left.
- 12: A component at the top right.
- 13: A component below 12.
- 14: A component below 13.

**Top view (right):** This view shows the device from above. It features a central circular component with a Y-shaped internal structure, surrounded by a rectangular frame.
